Breakfast Sponsor

Raouf Ghattas joined the college of Business and Management as a full-time professor of operations, supply chain and project management in 2021. He has taught these topics for 25 years at the graduate and undergraduate levels, after managing projects, factory operations, and logistics and supply chains for several Fortune 50 corporations for nearly 20 years. He maintains currency in the field by consulting and training in industry. His works include Practical Project Management, Prentice Hall, 2000; Operations and supply chain design for rapid assembly and deployment of electric vehicles, DARPA, 1996; International strategies of sustainability consulting for mitigation of global warming effects, NCU, 2016; and Green business marketing funding and certifications, SCORE, 2014.
